Material Handling Solutions
"The Lift You Need"

CRANES AND STACKERS

Straddle cranes from 1000 to 3000 lb. capacity

Counterweighted cranes from 500 to 2000 lb. capacity

Power Drive for any application

- Each Beech crane and stacker is factory proof-load tested to 150% of capacity.
- Safety by-pass relief valves are standard to prevent dangerous overloading.
- Each is covered by a 2 year warranty on the entire machine, 5-year on frame weldment.

MATERIALIFT® VRC's

VRC's or Vertical Reciprocating Conveyors are an alternative to costly conventional elevators.

- Materialift® (VRC's) are ideal for applications requiring materials to be moved from floor to floor.
- All Beech VRC's meet or exceed the requirements of ANSI/ASME B20.1 and OSHA.
- Adds storage accessibility to mezzanines.
- A VRC can save as much as 75% of the cost of a conventional freight elevator.
- Available in mechanical or hydraulic drives.

Our customer service representatives will answer your questions and match the right equipment to meet your material handling needs.
